

NREA Member Systems/ Nebraska Legislative Districts

Nebraska Rural Electric Association

This map outlines the service territory of the 35 rural electric systems which are members of the Nebraska Rural Electric Association. In total, some 1,027 employees of these rural systems serve some 233,665 meters over more than 87,417 miles of line. The individual rural systems are run by elected boards of directors on a public-service, non-profit basis.
